Skills

- Python
- FastAPI
- Flask
- PostgreSQL
- Docker
- AWS
- Git
- Microservices
- CI/CD

Education

M.Tech, Computer Science,
IIT Bombay, 2019

Priya Nair

Senior Backend Engineer (Python)

Senior backend engineer with 4+ years of experience designing scalable REST APIs, microservices, and CI/CD pipelines using Python and FastAPI.

Experience

Senior Backend Engineer - CloudScale Systems (2021 - Present)

- Led design of microservices architecture using FastAPI and PostgreSQL
- Implemented CI/CD pipelines and Docker-based deployments on AWS
- Mentored 2 junior engineers and conducted code reviews

Backend Developer - DataForge (2019 - 2021)

- Built REST APIs with Flask, later migrated to FastAPI
- Optimized SQL queries reducing response time by 40%
